EXHAUSTIVE TEST SPELLING MATCHES OF BIG FREIGHT ENGINE

Monster Articulated Mallet Compound Starts to Vegas Under Scrutiny of Corps of Test Experts.

The fourth of a series of half-yearly spelling contests for the city public schools, held yesterday was a decided success. The results, which were not tabulated until last night, show that the innovation is achieving substantial results in the improvement of spelling standards in the schools.

Two contests are held each year, an oral match in the fall and a written match in the spring. Fifty words were submitted in sealed envelopes simultaneously to the different wards yesterday, and rigid rules concerning enclosures, capitalization and individual effort were adhered to. Each word misspelled deducted 2 per cent from a grade of 100 per cent.

The resulting average percentages showed an increase of from 10 per cent to 15 per cent throughout the city system as compared to the results of a year ago.

The average percentage of the different wards ends as follows: First ward, 81.16; Second ward, 81.59; Fourth ward, 78.5; Third ward, 77.61.

The First ward school won the city's highest percentages. Miss Telles' grades, 22 and 14, winning over all other like grades in city. Miss Vaughan's 42 and 54 also winning first place for those grades, and Miss Perkins' 51 grade first place. The Third ward school won three highest cents. Miss Clegg's 21 grade winning three, Miss Allen's 62 grade won first place, and Miss Takken's 72 grade won first place.

The Fourth ward won one highest percentage, and this was the highest percentage won in the city—97.8 in Miss Margaret K. Lehrer's 52 grade.

MISSIONARIES FROM KHOURDESTAN HERE

Bearing Grand Seal of Mar Sardik Ziya Two Setao Visaged Armenian School Aid for Orphans.

Two sober, black frocked and long-coated missionaries from Khourdestan arrived in the city today to enunciate the vitality in the interest of Christianity. They left their native land not a few weeks ago and have the appearance of true innocents abroad. They spent last month in Mexico, adding aid from every passer-by, and have now drifted from San Antonio, Texas, to Albuquerque. They have an idea, how long they will remain in this country, but expect to wander about as long as funds are forthcoming for the cause they represent. Their names are Rev. John Andre and Deacon Alex Daniel. They have a commission with the sanction of Mar Sardik Ziya, bishop of the East Chaldean, to secure funds for the establishment of a school for orphans of any age, in Khourdestan, a country which is destitute of institutions of this character.

The man engaged in the work of testing gas will return to Albuquerque by passenger train when the run to Las Vegas is completed.

The heating of children is frequently followed by poor health for the mother. This supreme crisis of life finding her physical system unprepared for the demands of nature, leaves her with weakened resistive powers and sometimes chronic ailments. This can be avoided if the heat of baby, and the healthy woman can remain a healthy mother. It is the only remedy that perfectly and thoroughly prepares the system for healthy motherhood, and brings about a natural and easy consummation of the term. Women who use Mother's Friend are always much suffering when the little one arrives, and recover more quickly, and with no ill effects, or chronic troubles. Every expectant mother should safeguard her health by using Mother's Friend, thus preparing her physical condition for the hour of motherhood. This medicine is for sale at drug stores. SPOTTING ORDINANCE WILL BE ENFORCED

Plain-Clothes Men Stationed in the Post Office Will Arrest Any Person Found Breaking Same; Severe Penalties.

The members of the board of health mean business in their crusade against the foolish and dangerous habit of spitting in the new postoffice building. Health officers in plain clothes have been stationed in the lobby, with instructions to arrest each and every offender. The penalty prescribed by city ordinance for spitting on the sidewalks or in public buildings, is a fine of from \$5 to \$50 or imprisonment and it is the intention of the authority to deal harshly with violators of the ordinance. Public cooperation in the suppression of this dangerous practice is needed, and the report of the trustees is earnestly solicited.

POST OFFICE WANTS GOOD MESSENGER BOY

Here is an opportunity for some deserving Albuquerque boy to secure a good job with Uncle Sam as his boss. The post office department is advertising examinations for a messenger boy for June 7, 1911 to be held before Gen. Phillips at the Albuquerque post office. Information will be furnished by Mr. Phillips.

BREAK IN WHEAT SCARES BULLS

Four and a Fifth Cents is the Drop Per Bushel; Trading Was Only Scattered in Chicago Pit.

Chicago, May 6.—A break of 4-1/3 cents a bushel in the price of May wheat today was followed with withdrawal of support by leading bulls. Trade, however, was only scattered. Other months weakened with May although the latter delivery made a quick rally of 2-3 cents. Rain in the Canadian northwest was partly responsible for the decline. Opening figures here were 3-1/2 lower to 18-9 1/4c up. July started at 88-3-8, dropped to 88-3-8 and closed easy at 88-3-8 1/2c.

WALL STREET TRADING.

New York, May 6.—Openings quotations in the stock market today showed few changes of importance from yesterday's close. The widest change was in Canadian Pacific which lost 5c. Variations in other stocks were almost equally distributed between small gains and small losses.

The market adopted a generally declining tendency, with considerable pressure against the coal stocks.

United States opened 3-1/4 down on liquidation inspired by the unfavorable annual report. Canadian Pacific lost 5c.

The market closed steady. Later strength was shown by Western Maryland and Northern Pacific, the former advancing 2-1/2 points.

The recall of judges is another matter.

Judges are not law makers. They are not administrators. Their duty is not to determine what the law is. Their independence, their sense of dignity and freedom is of the first consequence to the stability of the state. To apply to them the principle of the recall is to set up the idea that determinations of what the law is must respond to popular impulse and to popular judgment.

It is sufficient that the people should have the power to change the law when they will. It is not necessary that they should directly influence by threat of recall those who merely interpret the law already established.

The second power we fear is the control of our life through the vast privileges of corporations which use the wealth of masses of men to sustain their enterprise. It is in connection with this danger that it is necessary to do some of our clearest and frankest thinking.

The programs of parties must now be programs of enlightenment and readjustment, not revolutionary, but restorative.

I am sorry for the man who is so blind that he does not see the opportunity, and I am happy in the confidence that in this era of strength and of principle will see their opportunity of immortal service.
